HSC 2018
The HSC is now upon us, and we are actually more than halfway through. I would like to thank Mr Denni Fourfouris for his liaison with NESA, and Ms Toula Demertze, the Presiding Officer, managing all supervision and administration of the HSC. The exams finish on Friday, 9 November, which is earlier this year, than last year.

Year 12 Final Responsibilities
We finished the End of Term 3 with a beautiful graduation assembly. It was very well coordinated by Ms Maria Dracopoulos and Mr Jim Nicolls. They were supported by a huge team of staff and students. Special mention needs to be made of all the behind the scenes work done by Ms Debbie Wileman, one of the school’s Administrative Staff. The two wonderful Music teachers, Mr Nabil Cassis and Ms Jennifer Fernandez did a wonderful job preparing the band, the choir and the Year 12 Music class to celebrate Year 12’s final day.

As is Kingsgrove practice, the two outgoing Captains induct the new incoming Captains, who then chair the Year 12 Farewell Assembly. I took great pleasure in watching Ms Angela Ferguson, the new Prefects Coordinator, and Elbert and Jennifer induct the 2019 Captains, Angela Basevska and Lukas Giakoumis.

The next day, Year 12 and staff celebrated the end of Year 12 students’ formal education at the annual Year 12 Picnic. I would like to thank Ms Belinda Jang and Ms Lisa Harvey for their work in organising this memorable day!

Completion of Year 12 responsibilities
After the HSC Year 12 will formally ‘sign out’ of school. Students whose family names are from A – L will sign out on Tuesday 13 November, and from M-Z on Thursday 15 November. The Year 12 Formal will then be held on Monday 19 November, 2018. I know we are all looking forward to this wonderful celebration.

Induction of 2018 Captains and Prefects
I was very pleased that the school inducted the two new school captains Angela and Lukas into their leadership roles at the recent Year 12 Farewell Assembly.

I look forward to our Prefect Induction Ceremony next Tuesday, 6 November, 2018 where parents and staff will attend as we induct our new Prefect Body.

Captains: Angela Basevska and Lukas Giakoumas
Vice Captains: Emmanuela Savva and Leilani Fong
Sport Captains: Ashley Ingall and Mark Fokas
Student Liaison Reps: Sam Hodgson and George Ioakimidis
Prefects: Ben Bayas, Coco Chen, Christopher Gazilas, Zamie Hamze, Jason Ma, Kerry Nguyen, Christopher Sambur and Samantha Wong.

HSC 2019
The new HSC cohort, 2019 started their HSC Courses on Monday, 29 October. New timetables have been issued to those students who met the subject selection deadline. Other students will commence their new timetables on Monday, 12 November.
I am pleased to announce that we will be introducing a new Extension Course this year, Extension Science. This is the first year it has been taught in NSW. We offer a wide range of Extension courses, with Kingsgrove offering Mathematics Extension 2, English Extension 2, History Extension, and Modern Greek Extension. This enables our most capable students to push themselves in the New South Wales Education Standards Authority (NESA) most challenging HSC Courses.

At Kingsgrove, we encourage all HSC students in Term 4 of Year 11 to maintain 12 units of study, and make a balanced decision at the start of Year 12 in 2019.

New Basketball Courts
The school has finally had a sign off and we opened the new basketball courts to students at the end of week 2. We are very pleased with the courts (as are the students!) and look forward to many years of use. We have imposed a few rules to maintain the courts, and for basic safety.

- No food or drink on the courts.
- It is an ‘active’ area, so students cannot sit around the edges and watch games.
- Bags need to be stored safely around the edges of the courts.

Douglas Melville
Principal
YEAR 12 2018 COHORT
Goodbye and good luck to Year 12 students. We wish you well for your future and hope that your dreams are realised.

Please find below some of the photos taken on Graduation Day and at the Year 12 Picnic.
Welcome to Term 4, a very busy term for all our students and staff with on-going assessments, academic reports being written for students and, of course, the HSC examinations for our Year 12 students. These exams are very important for our students and will have an influence on their futures beyond Kingsgrove High School, as a school we wish them every success in their endeavours. For the record, there are 117 HSC written exams totalling around 300 hours between the first exam on 18 October and the final exam on 9 November, and around 80 000 students attending 750 HSC exam centres staffed by over 7,500 supervisors and presiding officers. While we still have exams to go, some of the 5,500 markers have started marking.

All students attended Year meetings in the first week of term and again our ‘common language’ of ‘WEAR IT PROUD’, ‘RIGHT PLACE; RIGHT TIME’ and ‘OFF AND OUT OF SIGHT’ was explained in detail. We also discussed a number of other issues including banned items, students were reminded that chewing gum is a banned item at school and we would ask that our school community supports us in maintaining a cleaner and more hygienic environment at school.

We would also like to remind families of the need for siblings who are meeting their younger siblings at either of the two Kingsgrove Primary campus sites that they are to wait off the primary school site. For Caroline Street pick-ups, we request students to wait at the gate until the primary school bell rings. For the Kingsgrove Road campus, we request students wait under the Cola in the Kingsgrove High School site.

During Week 7 we will hold our second Year Four GaT Taster Day. This is an important opportunity for Year Four students from our local primary schools to visit Kingsgrove High School for a day and participate in a range of curriculum based learning activities designed for Gifted and Talented students. Information regarding this initiative has been sent to local primary schools and we look forward to hosting them on the day.

Deputy Principals:
Mr Glenn Evans (Years 7, 9, 11)
Ms Olga Sofo (Years 8, 10, 12)
KINGSGROVE HIGH SCHOOL uses publicity photographs in our local media and newsletters on occasions. Please contact the Deputies or Principal at the school if you object to the use of publicity photographs for your son or daughter.

You are cordially invited to attend our P & C meetings throughout the year. The dates of the meetings are listed below.

DID YOU KNOW?

The following changes have occurred for Languages Learning.
The Languages K–10 Key Learning Area (KLA) includes new Chinese, French, German, Indonesian, Italian, Japanese, Korean and Spanish K–10 syllabuses. In each new syllabus there are support materials and advice on supporting students with special education needs.

When will the new French, German, Indonesian, Italian, Korean and Spanish syllabus be taught in NSW?

Years 7–10 Language Learning Requirements and Expectations:

• Students are required to study 100 hours of one language in one continuous 12 month period.
• Students develop their language skills by participating in a range of activities that involve: interacting with the teacher and peers in the classroom, and with known adults in a range of situations; accessing and responding to a range of texts, including authentic materials; and composing a range of spoken, written, digital and multimodal texts.
• Students build knowledge and understanding of sound and writing systems, and vocabulary, and analyse and develop understanding of grammatical structures and features.
• They reflect on the interrelationship between language, culture and identity.
• For the first time, content is provided and presented in three ways for students: students who are learning a second or additional language, students who have prior learning and or experience, and students with a background in the language.

In addition to subject-based content, Languages syllabuses address important contemporary themes and general capabilities as students prepare to live and work successfully in the 21st century. These include Australian Curriculum cross-curriculum priorities and general capabilities and other learning across the curriculum areas identified by NESA.

Where can I find more information?

For more information view:

NSW syllabuses can be viewed and downloaded from the NESA website at: [http://syllabus.nesa.nsw.edu.au](http://syllabus.nesa.nsw.edu.au)
YEAR 11 AT SYDNEY KINGS BASKETBALL GAME

Some lucky Year 11 students were given the opportunity to attend the opening NBL game of the 2018/19 season at Qudos Bank Arena.

The game also saw the return of Andrew Bogut ex NBA champion who has returned to Australia.

The Kings played the Adelaide 36ers who lost 94-83. The students had fun and enjoyed this unique experience.

Penny Karanasos
Year 11 Year Adviser

Students from the Year 8 French ‘Gifted and Talented’ class learning about French culture and expanding their language skills.
Tara Samuels successfully participated in the Kokoda Youth Leadership Challenge sponsored by Kingsgrove RSL. She is the second KHS student (and the first female) from Kingsgrove High School to participate in the once-in-a-lifetime opportunity. Read all about her experiences below.

On 1 October until the 12 October, I was in Papua New Guinea completing the Kokoda trail. There was a group of sixteen of us, two leaders and fourteen trekkers. There were eight guys and six girls and we were trekking for 10 days. I was originally very nervous and wasn’t sure what I had gotten myself into. I just didn’t know what to expect.

The first day we started very late heading off at about 1pm and we only walked about 5.6km that day. It was our shortest day but it was the worst day for me. I thought I wasn’t going to be able to endure this for another nine days. It really got to me! I was just so overwhelmed that I was actually in a different country for the first. However, I am so glad that I was able to complete this journey because it was such an incredible and amazing experience.

Throughout the ten days there were times where it was really easy and other times where you felt like you just wanted to give up but you just copped it on the chin and soldiered on.

The weather over there was crazy, the heat and humidity was nothing compared to back home. This is where a lot of people struggled as you would just be constantly sweating and needing to keep drinking lots of water so you don’t dehydrate. I was drinking between three to four litres a day.

We stopped at several villages along the way where they sold cans of soft drink and fruit. The fruit over there was nothing compared to what I had ever tried before, it was just so sweet and succulent.

The kids don’t have much clothing, some don’t go to school and others have no toys to play with but they just make their own fun. I was very fortunate to have witnessed a class full of preps, first years and second singing three songs. It was just so beautiful as they were just generally happy and it brought some tears to my eyes.

The carriers played a big part in helping us get across the extreme challenging uphills and the slippery dangerous downhills and the scary river crossings. They would come out of nowhere and help you out at challenging parts of the trail. If you had fallen over they would be there in a couple of seconds to help you up. Everyone was just so supportive and we all got along as one big group.

Completing this trail has actually made me see things differently and realise how grateful I am to be given so many opportunities in Australia and what we take for granted. I am thankful that I get to come home to a warm home cooked dinner and get to take long hot showers. I get to sleep in a warm and cosy bed with a roof over my head. I am also just full of gratitude towards what our soldiers endured. They had barely any medical supplies, and were undergoing a battle in such ridiculous terrain. I wanted to walk in their footsteps and get a sense of what they encountered. It was nothing compared to what they saw and or heard and it was a breeze for me compared to what they had to do. I respect their bravery and courage and we wouldn’t have what we have today if it wasn’t for them, as they gave their today for our tomorrow.
I am so thankful to have been given this opportunity as it made me see that if I can successfully complete the Kokoda Trail that I can accomplish anything I put my mind to and I’m not going to let anyone stand in the way of that.
*Tara Samuels ~ Year 11*
YEAR 11 CROSSROADS PROGRAM

Crossroads is a mandatory program for students in Year 11 and/or Year 12 in NSW government schools. It is designed to help senior students address issues of health, safety and wellbeing at a time when they face significant changes and challenges in their lives.

Crossroads aims to prepare and support these students as they encounter situations related to identity, independence and their changing responsibilities. Crossroads aims to build students’ sense of empowerment and respect for themselves and others.

The three day program consisted of six tutorials based on study skills, drug education, sexual health, safe travel, mental health and independence. The final day was an amazing day camp of fun filled activities and team building skills.

A big thank you to Ms. Moors, Mr Orsaris, Mrs Ferguson, Ms Vojkovic, Mr Williams and Ms King for running the sessions and giving up their valuable time for this wonderful program. I know the students really appreciated it, and I believe it has given our students the best start for their final year of high school.

Also, a big thank you to St George Youth Services for providing their services to our school on their drug education presentation.

Congratulations to all the students. Your behaviour and attitude towards this program were excellent.

Penny Karanasos
Year 11 Year Adviser
YEAR 11 CROSSROADS ~ Day 3 off campus
Year 11 at the Colour Run

Year 11 students participated in the Colour Run at Sydney Olympic Park. There was lots of fun and colour involved.

The largest running series in the world, “The Happiest 5K on the Planet” has been experienced by over 6 million runners worldwide in 35+ countries, so Kingsgrove High students were in for a treat.

By participating in the Colour Run students have contributed towards the Starlight Children’s Foundation.

A big congratulations to all our students and teachers who participated.

Penny Karanasos
Year 11 Year Adviser
LISTED BELOW ARE THE RECIPIENTS OF AN A1 STATUS CERTIFICATE.

A1 STATUS

Denotes that the student has consistently maintained excellent behaviour in all aspects of school life.

YEAR 7

YEAR 8

YEAR 9

YEAR 10

YEAR 11
KINGSGROVE HIGH SCHOOL CAREERS COURSES COMING UP

- November 12 and 13, 2018 (Monday and Tuesday). Hygiene Practices for Food Safety – Monday at Kingsgrove HS Library, and Prepare and Serve Espresso, Barista Training – Tuesday at Canterbury Hurlstone Park RSL training rooms. Cost for these courses is $50 per student for the two courses.

- November 15, 2018 (Thursday). The final WHS White Card course for the year. The course will be held at Kingsgrove HS in the Library. Cost is $90 per student. We have been informed that prices are going up next year.

- Dec 10 and 11, 2018 (Monday and Tuesday). RSA (Responsible Service of Alcohol) and RCG (Responsible Conduct of Gambling). Both of these courses will be held onsite at Kingsgrove High School in the library. Cost is $100 per student for the two courses.
Kingsgrove High School Careers Year 10 second chance for Work Experience

During Weeks 8 (December 3 – 7, 2018) and 9 (December 10 – 14, 2018) of this term, Year 10 will have another opportunity to participate in Work Experience. This is non-compulsory for those who completed their Work Experience back in Term 2, but is compulsory for those who have yet to complete Work Experience. Previously many students explored working at various retail stores in the hope of gaining a casual job. For many this eventuated in a casual job. This time, however, students are encouraged to explore work that is more career orientated. So if your child is interested, for example, in entering into the construction industry, then it is recommended that they ‘try out’ this area, to see if this is the field they would like to work in, in the future.
Kingsgrove High School Careers Excursions Coming Up Next Year in 2019

Next year in February, Year 12 2019 will have the opportunity to visit the University of Wollongong, to see what studying on campus is like. There will be a series of workshops for students to explore the various faculties on campus as well as having the chance to speak to current students to discover what student life is like on campus. There are only 60 spots available so make sure you get in early with your permission slip. This excursion is free.

Kingsgrove High School Careers News Reminders

Edmodo: Don’t forget that Edmodo (Years 10 – 12) and Google Classroom (Year 12) is a vital tool for students gaining access to many resources including sample Resumes, Cover letters as well as casual jobs, Uni open day info, apprenticeships and traineeships available, and any upcoming courses/excursions being held through the school. If any parents would like access to Edmodo, please contact me in the Careers Office for further information.

Apprenticeships and Traineeships: Currently I have been receiving a lot of information about apprenticeships and traineeships available with many employers across Sydney. From childcare, to auto mechanics, to electricians, to business services, to landscaping and the list just keeps going on and on. If students would like to get started on their career or they are planning on starting up in 2019, then come and see me to get information so you can get your applications in before the end of the HSC rush.

USI – Unique Student Identification Number: If students are planning on doing any kind of training at some stage in their life, whether it is now at school, or even after you finish school, then you will need a USI. A USI is a reference number made up of numbers and letters, unique to each student. A USI Number will stay with the student for life, and must be recorded with any nationally recognised VET course they undertake. So if students want to study at TAFE (or any other VET provider), to gain a White Card, complete a first aid or CPR course, an RSA or RCG course, etc. then they will need a USI. Go to this link to acquire one. It takes about 5 minutes to do. You need one form of identification (such as a Medicard card) and it is free. https://www.usi.gov.au/students/create-your-usi

Job Jump: As a school we subscribe to this incredibly useful website (and tool) to give students very important information regarding careers, courses, tertiary institutions, ATAR results needed for various courses, as well as job and pay information. To register, choose Kingsgrove High School in the drop down menu, then use ‘kingsgrove’ as the password. This is available to all students and families from Year 7 onwards.

Compare Universities Across Australia – Student Educational Experience - ACS
This guide provides a series of ratings and insights across a range of indicators. The ratings show that courses and institutions differ in many ways. Only you can decide which difference really matters to you. These ratings give an overview only — make sure you undertake further careful research before choosing a course and campus.

The Good Universities Guide 2019 Edition
The 2019 edition is our most comprehensive publication yet, featuring a brand-new ‘First Generation’ 5* rating. This new rating category compares universities by the number of students who are the first in their family to pursue tertiary education. Our guides are available in print & eBook via the Good Education Bookshop & selected newsagents. For more information visit www.goodeducation.com.au.

Combine Accounting with Building Career Scholarships
Closes 31 October
$3,000 value. The Australian Institute of Quantity Surveyors (AIQS) offers a number of scholarships each year for Year 12 students who qualify for entry into a career in Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

STEM at University of Sydney
Science, technology, engineering and mathematics (STEM) are fundamental to our lives. Who can imagine a world without modern transport, medicines, Wi-Fi and smartphones? All these were created thanks to the fields known collectively as STEM. STEM is about more than fancy gadgets and medical innovations. It embodies a way of questioning, testing and analysing that enables you to draw conclusions based on evidence. A way of thinking about the world that will benefit you in far-reaching ways beyond the specific disciplines of science, technology, engineering and mathematics.

University of Sydney Information Day
15 December. 9.30am to 3.00pm Camperdown/Darlington Campus, University of Sydney
Join us at our upcoming events to find out which course is right for you. Create your own path at the University of Sydney. You can customise your course, and get involved in extracurricular activities.

https://sydney.edu.au/study/admissions/events-for-students/undergraduate-events.html

UNSW Women in Engineering Camp - Applications close soon
Closes 31 October
The program is open to female students who will be in year 11 or 12 in 2019. The 3-day residential program will run from 7th-9th January 2019. Participants will take part in site visits, workshops, networking events and more. For more info and to apply see below or contact s.coull@unsw.edu.au

http://unsw.to/wiec

Reminder - UTS Discover Nursing
14 November
UTS Building 10. Ultimo
Open to High School Students and parents more than welcome to attend.

UTS – Info Day
15 December
UTS Info Day is your last chance to visit the campus before UAC preferences close the following day. Attend an info session or chat with staff and students. Ask those last-minute questions before you lock in your uni choice.
https://infoday.uts.edu.au/

Australian Catholic University - Know Your Options Info Session
10 to 12 December, 10.00am to 2.00pm
40 Edward Street, North Sydney
Come along to Know Your Options, our information sessions where you can talk to experts about your course and career path, learn about alternative entry and admission pathways, explore our campus, and meet staff and students.

University of Newcastle – School of Creative Industries – Festival X
7 to 11 November, 9.00am to 9.00pm
Newcastle CBD
Welcome to Festival X – a unique celebration from the School of Creative Industries at the University of Newcastle. We have a slogan of sorts here: that ‘we love what we do, and we do what we love’ and there’s nothing we enjoy more than sharing the extraordinary work of passionate people. It’s a chance to see what’s at the cutting edge of creative technology, talk to the creative practitioners of the future, and wander between experiences in the heart of our beautiful city. X marks the spot.
To find out more about Festival X visit festivalX.info or email Soci-events@newcastle.edu.au.
https://www.newcastle.edu.au/events/faculty-of-education-and-arts/festival-x

New Scholarships at Southern Cross University
We are proud to announce, for 2019, our new range of academic merit based scholarships. This includes our Vice Chancellor’s Scholarship worth up to $32,000, 25th Anniversary Scholarship, $7,500 and Southern Cross University Scholars, $5,000. For eligibility details and more information, visit: www.scu.edu.au/scholarships/

Charles Darwin University – Indigenous Languages Summer School 2019
14 to 25 January
CDU Sydney Campus: Level 10, 815 George St, Haymarket
Spend two weeks this summer learning about the languages of Australia’s First Peoples.
Charles Darwin University is working in collaboration with the Australian National University and Bachelor Institute of Indigenous Tertiary Education to offer the second Indigenous Languages Summer School in Sydney in January 2019. Download our flyer here: AILI Summer School 2019

Do you have International students at your school? The 2019 TAFE NSW International Student Guide will help with all the questions they may have. Download a copy today.

My Trade Start Automotive Pre-Apprenticeship Courses
Select the date and location nearest to you.
Auburn, Artarmon, Central Coast, Wollongong, Taren Point, Penrith and Rooty Hill.
Pre Apprenticeship courses are a great way for you to try out an industry and gain some useful skills in the process before you start an apprenticeship or traineeship. My Trade Start offers Pre Apprenticeship courses under Smart & Skilled Targeted Priorities Pre Apprenticeship Program to eligible students between the ages of 15-24. By attending and completing a Pre Apprenticeship course, you are gaining an advantage over those that haven't and in turn you are making yourself desirable to prospective employers wanting to take on a 1st year apprentice. You also get a head start on your apprenticeship with credit transfer gained as a result of Units of Competence you will have completed whilst undertaking the Pre Apprenticeship.

COLLEGES

NIDA Student Production Season
Starts 30 October
A chance to experience NIDA in a vibrant Student Production Season. NIDA presents five full-scale productions, a free EXPONIDA exhibition and free writers readings. The season features the future talent of Australia’s theatre and screen, guest directors, set and costume designers, props makers, costume makers, technicians and writers. Details www.nida.edu.au

There is more than one way to get into UTS
15 December
UTS Insearch Info Station, Level 5 of the UTS Tower Building
UTS Insearch will be hosting Pathway Information Sessions at UTS’s Info Day. Our team will be on hand to answer questions about ATAR results, entry requirements, pathway options, applications, fees, etc. before UAC preferences close the following day.

Free Trial Instructional Flights for Students at SFC Open Day
17 November
Sydney Flight College is once again pleased to offer free 15-minute Trial Instructional Flights to Year 12 students and Careers Advisers at the SFC Open Day. Spaces are limited; to request a slot please email danielc@sfcaco.com.au with your full name, email address, mobile # and whether a student or Careers Adviser. All welcome to the Open Day even if not flying.

Event Jobs Online - College of Event Management
College of Event Management has extensive and long standing relationships with industry. Many event jobs are not advertised thus making industry relations extremely important. CoEM fosters over 600 industry partners who can be accessed through their Industry Engagement Program and their in-house recruitment agency - Events Jobs Online: https://bit.ly/2Ql5XkV

Australian Institute of Music – Interactive Workshops
10 November. 10.00am to 12.30pm
1 Foveaux Street, Surry Hills.
The following courses will be offering practical hands on workshop and masterclass that will reflect some of the
class aspects covered in a normal lesson experience at AIM.

- Music Theatre
- Classical
- Composition and Music Production
- Entertainment Management
- Dramatic Arts
- Contemporary
- Audio

Register your interest now and let us know which programs you would like to attend

Introduction to Childcare eLearning Course
This short course gives students a taste of childcare, with a certificate included, so they can decide whether childcare is right for them. With a virtual tour of a childcare centre, knowledge base and more, this is a great way for schools wanting to provide affordable career resources about childcare. Contact Brie for more information.

Torrens University – Design & Technology Open Day
19 January, 10.00am to 2.00pm
46-52 Mountain Street, Ultimo

- Learn about our creative courses in Graphics/Communications, Interiors, Photography, Fashion, Digital Media, Gaming and Post Graduate.
- Meet our talented students - past and present – and our lecturers – connoisseurs of the creative industries
- Watch awesome presentations and dive into creative activities
https://www.torrens.edu.au/about/events-and-workshops/design-technology-open-day-sydney

Torrens University – Health Open Day
19 January, 9.30am to 1.30pm
Level 1 and 5/235 Pyrmont Street, Pyrmont
Tour our campuses, labs and clinics, join interactive workshops and speak to course and career advisors. Join interactive workshops - Aromatherapy, Counselling, Nutrition, Superfoods, Human Anatomy, Herbal Medicine & more.
https://www.torrens.edu.au/about/events-and-workshops/health-open-day-sydney

Torrens University – Business Open Day
19 January, 10.00am to 2.00pm
1-5 Hickson Road, The Rocks

- Chat to our Course & Career Advisors
